February 4, 2010

The Honorable Tammy Baldwin
2446 Rayburn Building
Washington DC 20515

Dear Representative Baldwin:

On behalf of the City of Madison, I am pleased to forward to you an important project for consideration in the FY2011 appropriations process – the CTH S (Mineral Point Road) and CTH M/Junction Road Intersection. This project is the result of a long-term development effort and enjoys wide-spread support throughout our community.

The CTH S (Mineral Point Road) and CTH M/ Junction Road Intersection is one of the most congested intersections in the City of Madison. Without an improved intersection, it is unlikely that businesses will decide to locate in the UW Research Park. With a unique intersection design, adjacent municipalities, pedestrian and bike crossings and CTH M and CTH S as regional transportation facilities will thrive.

We appreciate your time and consideration in reviewing this project. Your leadership on behalf of our citizens is appreciated every day.

I look forward to seeing you in the near future to discuss this project in person and thank you for your great help over the years.

Please let me know if I can be of any assistance to you in the days ahead.

Sincerely,

Dave Cieslewicz
Mayor
